

Useful links to SCC Information

Parent Lounge

Parent Lounge is the first port of call for parent information. It provides you with up-to-date information on College events and activities as well as direct access to your child's progress at school. You are able to view your child's timetable and academic results, email teachers, update family details, book parent teacher interviews and find dates for College events.

Families new to the College will be emailed their Parent Lounge login and password, and directions to set up an account, in the week before school starts in 2018.

College App

The App sends instant notifications to parents about what is happening around the College. It contains a calendar of all events, an interactive map and frequently called contact numbers for your convenience. If you allow push notifications on your device, you will receive instant new alerts, notices and emergency updates from the College. The SCC App is free and available for immediate download on iPhone and Android devices through the [App Store](#) and [Google Play](#).

College Facebook Page: Join the Swan Christian College page - <https://www.facebook.com/swanchristiancollege/>. Here we promote news from around the College, and post notifications for notices, reminders and emergency updates.
